

# Safety and Security

The list of solutions below comprises of vendors available at TD SYNnex designed for safety and security use cases and scenarios. See the table for the different types of solutions for safety and security.

Developer Name	Product Name	Product Overview	Features
AdLink Technology	Vizi-AI <a href="#">Learn More</a>	Vizi-AI combines plug-and-play hardware and software to enable a faster, easier and more scalable starting point for machine vision AI deployments at the edge. Initial deployments can be scaled for industrial requirements using the same software but deployed on more powerful hardware, as needed.	<ul style="list-style-type: none"> <li>• Enables development of computer vision solutions</li> <li>• Connects to different image capture devices</li> <li>• Supports people identification, as well as human behavior detection and analysis</li> <li>• Performs image recognition and classification</li> </ul>
Agent Vi	City Surveillance: Crowd Detection <a href="#">Learn More</a>	Leverage the masses of video footage captured across metropolitan areas to enhance safety and security across the city and improve traffic management.	<ul style="list-style-type: none"> <li>• Traffic management capabilities</li> <li>• Video monitoring</li> <li>• Video analytics</li> <li>• Crowd behavior analysis</li> </ul>
AxxonSoft	AxxonSoft AI Analytics Tools <a href="#">Learn More</a>	AxxonSoft AI analytics tools use the Intel® Distribution of OpenVINO™ toolkit to create neural networks for computer vision use cases.	<ul style="list-style-type: none"> <li>• Predict dangerous behavior</li> <li>• Detect fire and smoke</li> <li>• Locate suspicious items left in public areas</li> <li>• Search for specific objects, such as humans or vehicles</li> </ul>
Cathexis	CathexisVision Video Management Software and Video Analytics <a href="#">Learn More</a>	Video surveillance management software with AI tools to enhance operations. Its qualities include enhanced reliability, analytics, integration with third-party systems and low cost.	<ul style="list-style-type: none"> <li>• Video analytics/AI</li> <li>• Smart video search</li> <li>• Integrated solutions</li> <li>• Alarm management</li> </ul>

Developer Name	Product Name	Product Overview	Features
Cyberlink	FaceMe <a href="#">Learn More</a>	An AI facial recognition engine software development kit that allows software integrators and solution providers to easily integrate precise facial recognition and attribute detection into applications.	<ul style="list-style-type: none"> <li>• Facial recognition and detection</li> <li>• Face attributes recognition</li> <li>• Anti-spoofing</li> <li>• Mask detection and recognition</li> </ul>
Genetec	Security Center <a href="#">Learn More</a>	An IP video management solution (VMS) that gives you a clear picture of events and empowers you to quickly react to threats.	<ul style="list-style-type: none"> <li>• Integrates with existing infrastructure</li> <li>• Event identification and search function</li> </ul>
GeoVision	Smart Video Management Solution <a href="#">Learn More</a>	Provides a versatile and effective IP-based Digital Security and Surveillance (DSS) system, bringing video surveillance to the IoT ecosystem.	<ul style="list-style-type: none"> <li>• Video management software</li> <li>• Integrates with existing systems</li> <li>• AI video analytics</li> </ul>
Intelligent Security Systems (ISS)	SecurOS Auto <a href="#">Learn More</a>	The SecurOS Auto solution provides the ability to accurately capture license plate information at 155 mph (250 km/h) and in all kinds of weather conditions, including fog, rain and snow.	<ul style="list-style-type: none"> <li>• Deep learning for traffic management and smart cities</li> <li>• Offers automatic number plate recognition</li> <li>• Camera-agnostic solution</li> </ul>
IoTech Systems Limited	Open IoT Commerce Platform <a href="#">Learn More</a>	An open solution for retail that combines an IoT platform with integrated computer vision and multi-application provisioning.	<ul style="list-style-type: none"> <li>• Support local analytics and decision making</li> <li>• Integrated digital camera</li> <li>• Cloud-based application provisioning and orchestration</li> </ul>
VSBLTY	VisionCaptor <a href="#">Learn More</a>	VSBLTY provides real-time behavioral analytics and sales metrics solutions for supermarkets.	<ul style="list-style-type: none"> <li>• Video analytics</li> <li>• Behavior analytics</li> <li>• Sales metrics</li> </ul>
